THE PROBLEM: No real idea of a career

Good careers advice is vital to your child's future but most children **have no real idea** of what they want to do when they leave school

THE SOLUTION: The My Careers Options (MCO) Assessment

We believe **MCO** have an answer to **help us with our careers guidance programme** and **help you engage with your child** about potential careers

MY CAREERS OPTIONS: What is MCO

MCO is an **online careers matching tool** that delivers a **Top 10** of careers ideas, matched to **your child's unique skills, preferences and personality.**

HOW DOES MCO WORK:

The **TOP 10** is **delivered** through a series of simple **brain teasers, questions and puzzles**, which have been developed by **Cambridge University** to highlight where your child's unique career talents lie

IMPORTANT NOTICE

YOUR CHILD WILL ONLY GET OUT WHAT THEY PUT IN

- **MCO** will only deliver an accurate TOP 10 if **your child takes it seriously**
 - They should **take their time** and **answer all questions honestly**
 - They should try and **answer each question to the best of their ability**
 - They shouldn't do the assessment when they're in a **hurry or distracted**
 - If they get tired, they should **take a break**, there's no need to do it in one sitting
 - **MCO** can be **paused and restarted** at the same point later
-

We highly recommend that your child completes the MCO Assessment and to help we have a unique school discount code for you.

The **MCO Assessment** is usually **£47**, but using the school discount code will mean you only pay **£18**

Go to www.mycareersoptions.co.uk now, sign up and at the payment stage enter this unique code **MCOSCA0001** to get the discount
