

Module 1

Subject: Science
Topic Title: Unit 1
Brief Summary of Content Studied: Cells, structure & function of body systems & reproduction
Knowledge Organiser
Other resources and reading: CGP books

Module 2

Subject: Science
Topic Title: Unit 2
Brief Summary of Content Studied: Elements, atoms & compounds
Knowledge Organiser
Other resources and reading: CGP books

Module 3

Subject: Science
Topic Title: Unit 3
Brief Summary of Content Studied: Forces
Knowledge Organiser
Other resources and reading: CGP books

Module 4

Subject: Science
Topic Title: Unit 4
Brief Summary of Content Studied: Acids & alkalis & reactions
Knowledge Organiser
Other resources and reading: CGP books

Module 5

Subject: Science
Topic Title: Unit 5
Brief Summary of Content Studied: Acids & alkalis & reactions
Knowledge Organiser
Other resources and reading: CGP books

Module 6

Subject: Science
Topic Title: Unit 6
Brief Summary of Content Studied: Light, sound and space
Knowledge Organiser
Other resources and reading: CGP books
